Ski Technique in Kauppi, Tampere

1,5h long technique guidance that is all about learning a new sport or refine your old skills.

Are you the kind of person who likes to take new challenges and improve themselves? If you answered yes, then this is exactly for you. With us you can get the needed skills to start a new hobby or just a new way to enjoy winter.

From January to March there is most likely enough snow to make this possible. Don't hesitate to ask other options as well especially if you are already in Tampere. Our city workers will start making the tracks as soon as possible in winter season with artificial snow and by that the season lasts longer.

How you need to be prepared

is with clothing according to the weather. Warm mittens and wollen hat is a must in winter. Remember that you don't want to wear too massive winter clothes so that they won't prevent normal movement.

Skiing is a big part of Finnish culture and in our history most common way of transportation during winter. So we welcome you to come and test what it feels like when you have these planks (?) under your boots to glide with. Our guide will make sure that you learn from beginner to basic techniques.

We gather together in our rental shop. Just a 20-30min walk or bus drive from the city center and you will find yourself from the middle of nature and Kauppi sports area. If our track is open on its fullest, you can take a shortcut through the lake.

After that your guide will lead you to the tracks and the learning can begin.

To tour operators:

We have a small dressing room in our rental shop if needed.

Participants can leave their belongings to our rental shop for the time of the guidance.

This activity is easy to combine with sauna, because we have two operating as our neighbors.

With an additional price we can

...organize transportation for your group (a pick up from their hotel e.g.)

...add snacks and warm drinks at our rental shop for the ending, like waffles, 5€/pcs and juice 1,5€/mug
